Notwithstanding the provisions of paragraphs 1 and 2, where a person (other than an agent of independent status to whom paragraph 5 applies) is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 3 of this Article which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.
 5. The words “directly or indirectly” mean, for the purposes of this Article, that where a permanent establishment takes an active part in negotiating, concluding or fulfilling contracts entered into by the enterprise, then notwithstanding that other parts of the enterprise have also participated in those transactions, there shall be attributed to the permanent establishment that proportion of profits of the enterprise arising out of those contracts as the contribution of the permanent establishment to those transactions bears to that of the enterprise as a whole.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be

expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere in accordance with the provisions of and subject to the limitations of the tax laws of that State.
4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reasons of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.
6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.
7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

6. Where by reason of special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. 2. The provisions of paragraph 1 of this Article shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other Contracting State independent personal services from a fixed base situated therein, and the right of property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or 16, as the case may be, shall apply.
3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing Articles of this Agreement and arising in the other Contracting State may also be taxed in that other State.

1. The laws in force in either of the Contracting States will continue to govern the taxation of income in the respective Contracting States except where provisions to the contrary are made in this Agreement.
2. Where a resident of India derives income which, in accordance with the provisions of this Agreement, may be taxed in the Sultanate of Oman, India shall allow as a deduction from the tax on the income of that resident an amount equal to the income tax paid in the Sultanate of Oman, whether directly or by deduction. Such deduction shall not, however, exceed that part of the income tax (as computed before the deduction is given) which is attributable to the income which may be taxed in the Sultanate of Oman.
3. Where a resident of the Sultanate of Oman derives income which, in accordance with the provisions of this Agreement, may be taxed in India, the Sultanate of Oman shall allow as a deduction from the tax on the income of the resident an amount equal to the income tax paid in India, whether directly or by deduction. Such deduction shall not, however, exceed that part of the income tax (as computed before the deduction is given) which is attributable to the income which may be taxed in India.
4. The tax payable in a Contracting State mentioned in paragraph 2 and paragraph 3 of this Article shall be deemed to include the tax which would

have been payable but for the tax incentives granted under the laws of the Contracting State and which are designed to promote economic development.

5. Income which, in accordance with the provisions of this Agreement, is not to be subjected to tax in a Contracting State, may be taken into account for calculating the rate of tax to be imposed in that Contracting State.

Article 26

MUTUAL AGREEMENT PROCEDURE

1. Where a person of a Contracting State considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with this Agreement, he may, notwithstanding the remedies provided by the national laws of those States, present his case to the competent authority of the Contracting State of which he is a resident. This case must be presented within three years of the date of receipt of notice of the action which gives rise to taxation not in accordance with the Agreement.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic laws of the Contracting State.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in this Agreement.
4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the Contracting States.

Article 27

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information (including documents) as is necessary for carrying out the provisions of this Agreement or of the domestic laws of the Contracting States concerning taxes covered by this Agreement, insofar as the taxation thereunder is not contrary to this Agreement, in particular for the prevention of fraud or evasion of such taxes. Any information received by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that Contracting State. However, if the information

is originally regarded as secret in the transmitting State, it shall be disclosed only to persons or authorities (including courts and administrative bodies) involved in the assessment or collection of, the enforcement or prosecution in respect of, or the determination of objections and appeals in relation to the taxes which are the subject of this Agreement. Such persons or authorities shall use the information only for such purposes but may disclose the information in public court proceedings or in judicial decisions. The competent authorities shall, through consultation, develop appropriate conditions, methods and techniques concerning the matters in respect of which such exchange of information shall be made, including, where appropriate, exchange of information regarding tax avoidance.

2. The exchange of information or documents shall be either on a routine basis or on request with reference to particular cases or both. The competent authorities of the Contracting States shall agree from time to time on the list of the information or documents which shall be furnished on a routine basis.
3. In no case shall the provisions of paragraph 1 be construed so as to impose on a contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws or administrative practice of that or of the other Contracting State;
 - b) to supply information or documents which are not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
 - c) to supply information or documents which would disclose any trade, business, industrial, commercial or professional secret or trade process or information, the disclosure of which would be contrary to public policy.
